22 Official routing slip dated  
2/18/63 from <sup>employee</sup>  
P/OAB and Mr. <sup>that</sup>  
says  
that "Subject is not to  
be ~~under~~ under RIP  
at this time."

23 Memo for record by <sup>employee</sup>  
dated 18 April 1963.  
Discussed Hunt's memo +  
Bannerman's RS with <sup>employee</sup>  
Winters on 16 April.  
is worried because the situ-  
ation could be embarrassing  
because ~~subject~~ is  
engaging in intelligence  
collection in the United States  
— without any official  
sanction for such activity.  
This was the problem  
anticipated when OS denied  
permission for the job. Both  
Winters + <sup>employee</sup> were concerned  
that the letter Bannerman  
suggested "might really  
'stir up' all sorts of problems"  
because of the question of  
how the Security Officer

~~SECRET~~

of [REDACTED] had gotten info that had been "handled on extremely high levels in the ODP complex." So they decided to ask Mr George if ~~Mr~~ it was intended to use [REDACTED] operationally before writing the letter. ~~They~~ <sup>cm Doyle</sup> talked to George on 17 April who said he was not aware of OS disapproval and that there considerations were valid. George said that he would take the matter up @ Helms and Karamessines, and that the letter not be sent until the meeting between him, Helms, Karamessines and an OS rep had occurred.

24. Memo for Dir of Sec. from Chief /FI dated 5/10/63 says: "I have discussed the point raised by you with Mr Helms and while we agree in principle, we

"In response to these questions Mr. Rocca responded 'on the record' that he has no knowledge of any such arrangements nor at any time was he party to any assistance or any requests for. " to Mr. Hunt. Mr. Rocca stated that the particular section which he had been

most actively concerned in the past years was responsible for handling a variety of tasks categorized under the area of 'setting the record straight.' In this sense, the 'image' mission of the office was to counter misinformation currently in the media or otherwise believed to be a part of an effort to discredit the Agency. Mr. Rocca feels that any assumption that Mr. Hunt was engaged in any form of Agency sponsored image activity would have probably lead to the conclusion that it was done under the Counter Intelligence Operations. However, Mr. Rocca emphatically stated that this was not the case. Mr. Rocca did venture the opinion that he felt that in all probability an official

photos; met with Seymour Bolten, Special Assistant to the DDO on 10/10/74:

"I discussed the action that I had taken with respect to this allegation approximately six weeks ago at the request of the Director of Security. At that time various courses of action were discussed but our action was limited to a review of both [Hunt + Sturgis'] files and a search of our records which produced the Jack Anderson article referred to above and which is attached 3 (This article was made available to Mr. John Richards of the IG Staff at that time.)

4. Mr. Bolten appeared satisfied and advised that no further action appeared necessary at this time. However, he expressed some

concern over the possibility that we might have to re-open the matter again if and when the Agency is ever asked about same by one of the Congressional oversight committees insofar as the allegation pertains to Hunt because he was an Agency employee on the date in question. If this should occur, we would probably have to produce evidence that Hunt was not in Dallas on that day. We discussed various courses of action that we could take in this regard if necessary. "

10. Memo for the Record states that DDS+T have been asked to compare the trip photo with a photo of Hunt - "DDS+T's conclusions are unknown" dated 5/28/75.
